Process to further reduce pathogens
Process to significantly reduce pathogens

Which one of these better describes your pathogens?

"Confederated Tribes of Warm Springs" is the respondent. "Warm Springs Community Water System" is the facility. Please correct where I have in error - unless I need to on my side.

You have Confederate Tribes of the Warm Springs listed as the respondent on you form. The docket requested listed Warm Springs Community Water System as the Respondent. Which would you like it to say in the record?

Annette
